## SECTION 2: EXECUTIVE DEFENSE STATEMENT

This representment submission constitutes the merchant's formal legal rebuttal to the chargeback filed under **VISA Reason Code 10.4 (Other Fraud – Card-Absent Environment)** for transaction TXN\_353245502819 (Order Reference: ORD\_7710133564) in the amount of **INR 9,196.17**.

The disputed transaction was authorized on 2026-06-13 through the merchant's secure checkout and was fully authenticated using the **EMVCo 3-D Secure v2.2.0** protocol. The cardholder's issuing bank presented a mandatory 2-Factor Authentication challenge, which was successfully verified with valid OTP credentials. The directory server returned an **Electronic Commerce Indicator (ECI) of 05** along with a cryptographically verified Cardholder Authentication Verification Value (CAVV).

Under official **VISA Dispute Resolution Rules**, once an ECI 05 authentication response is confirmed by the issuing bank, full financial liability for fraud or unauthorized transaction claims shifts from the merchant to the card issuer. Furthermore, merchant server telemetry confirms that the customer's IP address geolocated to the cardholder's registered billing city, with account history consistent with prior authorized orders.

In light of the conclusive evidence provided herein and in the attached exhibits, the cardholder's dispute is without merit. The merchant respectfully requests the issuing bank to dismiss this dispute, immediately reverse the provisional debit of **INR 9,196.17**, and credit the disputed funds back to the merchant settlement account.
